At Global school, we believe in nurturing excellence, fostering creativity, and building strong foundations for lifelong success. We strive to bring out the creative aspect of each child, through various activities like English creative writing, poem recitation, English & Hindi plays, Maths Marathon and many more. Morning assemblies held in the school, equip the child with the much needed awareness of relevant issues and provide solutions for the same. Children are taught important life skills through skits, plays, dances, that would stand them in good stead, throughout their lives. All these activities provide a better scope for the child to grow at their own level and excel as per their individual interests.

EDUCATION DOES NOT SIMPLY MEAN TO TEACH A CHILD, THE INFORMATION MENTIONED IN BOOKS, IT MEANS TO TEACH A CHILD, THE LIFE LESSONS THAT FORM AN ESSENTIAL PART OF A CHILD'S GROWTH. Wherever we find a scope for improvement or the child is lagging at any stage, we immediately intimate the parents regarding the same, with practical solutions. We aim at creating an atmosphere, that is conducive to the child's overall development. Smart classrooms ensure a child friendly atmosphere. Inquiry based learning, STEM EDUCATION and project based approaches form an integral part of the school curriculum. The management and staff work relentlessly to achieve the objective of the student's overall development.

Global School feels immense proud and pleasure for students on achieving 100% Success in board exams every year.
